the book of ezekeiel has long astonished its readership in the history of exegesis the book s supposed author has often been regarded as mad or ill or as suffering from post traumatic stress disorder according to a recent diagnosis the present study radicalizes this approach by investigating the book of ezekeiel as trauma literature on the basis of a multi faceted trauma hermeneutics the peculiarities as well as the inconsistencies of the book are shown to be material aspects of a fictionalised trauma process in the context of israel s experiences of siege warfare and mass deportation in the early 6th century bce the analysis demonstrates that the potential for violence inherent in the catastrophe has created not only an intense discourse about blame and punishment but also a theologically disturbing picture of a traumatized deity in both cases the purpose is to assure the survival of yhw and the people das ezechielbuch hat seine leserschaft seit jeher verwundert und verwirrt den vermeintlichen autor des buches hat man im laufe der auslegungsgeschichte immer wieder pathologisiert zuletzt ist ezechiel mehrfach die diagnose posttraumatische belastungsstörung attestiert worden die vorliegende studie nimmt diesen krankheitsansatz auf und radikalisiert ihn indem sie das ezechielbuch konsequent als fiktionale trauma literatur analysiert vor dem hintergrund einer mehrdimensionalen trauma hermeneutik erschließt sie die ezechielprophetie neu als literarisch theologische auseinandersetzung mit den traumatisierenden kriegsereignissen die juda und jerusalem zu beginn des 6 jh s v u z getroffen haben es zeigt sich dass die ungeheure gewaltfülle der exilskatastrophe nicht nur einen massiven schuld strafe diskurs sondern auch das theologisch erschütternde bild einer traumatisierten gottheit aus sich herausgesetzt hat beides mit dem ziel das überleben jhwhs und des volkes zu sichern
